

### Loose leash walking exercise.

Train your dog to walk calmly on your **left-hand side** with a **loose lead**.

---

#### **Equipment Needed**

- Collar and 1-meter lead.
  - Clicker
  - High-value treats
- 

#### **Set-Up**

- Dog on your **left-hand side**, lead relaxed.
  - Hold clicker and treats ready.
- 

#### **Steps**

1. **Start Position:** Dog on a loose lead at your left side.
  2. **Step Forward:** Take **one step with your left leg**.
    - If the lead stays relaxed → **Click and place a treat by your left foot**.
  3. **Repeat:**
    - When the dog eats the treat, take another **left step**, click, and treat by your left foot.
  4. **If the Dog Pulls:**
    - **Stop immediately**.
    - Wait until the dog releases pressure on the lead.
    - Then **click and place a treat by your left foot**.
- 

#### **Training Tips**

- Keep sessions **short at first** (1–2 minutes).
- Gradually **increase duration** as your dog understands the exercise.
- Always reward **near your left foot** to reinforce position.

Happy training.
